

CURRICULUM VITAE

NAJEEB MOHAMMED SOUFIYAH

Date of birth: 15.03.1971

Telephone: +218 (0) 91 329 1680

Nationality: Libyan.

Dept. of Microbiology & Immunology

E-mail: N.Sufya@uot.edu.ly

Faculty of Pharmacy, University of Tripoli

Language skills: Arabic and English

Professional Details:

June 2022 – Present: Head of the National Program for Anti-snakes, Anti-scorpions and Anti-spiders, National Center for Disease Control, Ministry of Health.

February 2022 – Present: Professor of Clinical Microbiology School of Biological Sciences, Department of Biomedical Sciences The Libyan Academy.

November 2021 – Present: Head of the Main committee for the preparation, revision and updating of the List for Essential and Special Medicines of the Public Health Sector, Ministry of Health.

July 2020 – December 2021: Director of the Postgraduate Office at the Faculty of Pharmacy, University of Tripoli.

June 2018 – Present: Professor of Molecular and Pharmaceutical Microbiology at the Department of Microbiology and Immunology, Faculty of Pharmacy, University of Tripoli.

September 2015 – Present: Chief Inspector, Ministry of Health, Department of Pharmacy, for the application and assurance of cGMP regulation and standards compatibility of the Pharmaceutical Manufactures importing medications, medical Devices and Equipment to Libya.

May 2017 – 2019: Member of the Scientific Committee, Ministry of Health.

January 2015 – August 2015: Head of the Food and Drug unit in the University Reference Laboratory Committee.

January 2015 – August 2015: Postgraduate Coordinator of Microbiology and Immunology Department, Faculty of Pharmacy, University of Tripoli.

June 2014 – June 2018: Associate Professor in Molecular and Pharmaceutical Microbiology. Tutor in **MSc program** in the Microbiology and Immunology Department, Faculty of Pharmacy, University of Tripoli.

October 2011 – March 2014: Postgraduate Coordinator of Microbiology and Immunology Department, Faculty of Pharmacy, University of Tripoli.

2010 – Present: Consultant and Member of Scientific Committee at the Department of Drug Control, Centre for Food and Drug Control in Libya.

June 2010 – June 2014: Assistant Professor in Molecular and Pharmaceutical Microbiology. Tutor in **MSc program** in the Microbiology and Immunology Department, Faculty of Pharmacy, University of Tripoli.

April 2009 – June 2010: Lecturer in Molecular and Pharmaceutical Microbiology, Microbiology and Immunology Department, Faculty of Pharmacy, University of Tripoli.

March 2008 – September 2011: Head of Microbiology and Immunology Department, Faculty of Pharmacy, University of Tripoli.

August 2007 – June 2010: Lecturer in Pharmaceutical and Molecular Microbiology and Bacterial Physiology.

Qualifications:

September 2004 – June 2007: PhD, (*Awarder with A1 class, i.e. without any corrections*) "Potential for Bacterial Alarmones to Induce Antimicrobial Resistance". Biofilm Research Group, School of Pharmacy and Pharmaceutical Sciences, University of Manchester, U.K.

Master of Philosophy "M.Phil"., (2002). An investigation of Bacterial Death by Antimicrobials. School of Pharmacy and Pharmaceutical Sciences, University of Manchester, U.K.

B. Pharm (Hons) (1995). Faculty of Pharmacy, University of Tripoli, Tripoli – Libya. Honors project entitled: Isolation and Identification of Salmonella Bacteria from Meat Samples.

**Employment and
Teaching Activities:**

1995 – 2000: Teaching assistant and practical demonstrator for 2nd and 3rd Pharmacy students. University of Tripoli, Faculty of Pharmacy.

1995 – 2000: Dispenser Pharmacist and Pharmacy Manager in my own Pharmacy “evening business hours”, Tripoli–Libya.

2001 – 2002: Student practical demonstrator for 1st year Pharmacy Undergraduate for Introductory Microbiology. School of Pharmacy and Pharmaceutical Sciences, The University of Manchester, U.K.

2004 – 2007: Student practical demonstrator and teaching assistant for 3rd year Pharmacy Undergraduate - Advanced Microbiology and Clean Area Dispensing Protocols. School of Pharmacy and Pharmaceutical Sciences, The University of Manchester, U.K.

2007 – Present: Member of the teaching staff at the Department of Microbiology and Immunology. Module, the Molecular and Pharmaceutical Microbiology for both Undergraduate and Postgraduate Programs, specifically the antimicrobial chemotherapy and bacterial infectious diseases. Faculty of Pharmacy, University of Tripoli.

2011 – Present: supervising a number of MSc students – 8 students – till now. Seven students were graduated and the rest are in the writing up phase. Examining other MSc student for the degree exam (viva).

**Membership of
Professional
Societies:**

- The Biofilm Club, Manchester, U.K.
- The American Society for Microbiology "ASM", USA.
- Society for Applied Microbiology "Sfam", U.K.

**Main research
Interests:**

- Microbiological Quality Control Measures and Standards for sterile and none sterile dosage forms
- Antibiotic and Biocide Resistance in Bacterial Populations.
- Antimicrobial Quality Control of Newly Extracted Natural Products and Medicinally formulated pro-drugs.
- Microbial Physiology and Cell Cycle.
- Molecular Investigations into Bacterial Persistence and Antimicrobial Action.

- Molecular Investigations, Phenotyping and Genotyping of bacteria associated with hospital infections and contamination.
-
